

Ex post publication of Awarded Contracts Contracts awarded in 2013¹

eu-LISA is committed to ensure the highest level of transparency as regards public procurement activities carried out for the purposes of budget implementation. To this end, information on contracts awarded is regularly published. Depending on the threshold and/or type of the awarded contract, different EU procurement rules and procedures on advertising are followed.

1. Contracts above €134,000

Regular procedures

Based on 123.3 RAP², eu-LISA compulsorily publishes an individual contract award notice for each contract or framework contract with a value of €134,000 or more. The publication of any such notice is made in the Supplement to the Official Journal (OJ) of the EU no later than 48 calendar days from the date on which the underlying contract or framework contract is signed³. The Tender Electronic Daily (TED) is the online version of the Supplement to the OJ dedicated to European public procurement. TED provides direct and unrestricted access to all individual award notices published by eu-LISA.
